WANTS GARDEN TO AID
IN SCHOOL TEACHING

Farm League Head Tells at
Pelham Bay Show of
Results.

The exhibition of the International Children's School Farm League at the first annual open air flower show of the International Garden Club, opened at the Pelham Bay mansion in Pelham Bay Park yesterday, contained not only the seeds of geraniums and seven kinds of vegetables, but also the seed of an idea which may evoke the gratitude of hundreds of school children.

The idea was in the mind of Mrs. Henry Parsons, president of the league, and it was a scheme to have the Board of Education stimulate the routine school training by having many of the lessons taught in the garden. Spelling, for instance, Mrs. Parsons suggested, could be taught by having the pupils learn the names of the plants, even the Latin names. Geography would be shown by the good work already accomplished with children along gardening lines. Mrs. Parsons explained to the many prominent men and women the results obtained by the 300 children who grub daily in the parks of Manhattan and the Bronx.

Besides a great array of flowers prepared for the exhibition, an exhibit of the National Special Aid Society and a Red Cross station. An address was delivered by Judge Alton B. Parker, who presided over the exercises. The seedling of the idea was planted by the Board of Education, which will grant daily in the parks of Manhattan and the Bronx.

Before receiving their diplomas at the graduating exercises at the Waldorf last night twelve young women who had completed the course at the New York Medical College and Hospital for Women took the Hippocratic oath.

Miss Mildred Danziger Israel had the highest standing for the four years. Miss Ida J. Munter got first prize for scholarship in the senior year and Miss Lillian A. Treat second prize. Frank Moss presented the medical jurisprudence prize which bears his name to Miss Madeline T. Kays. Mrs. Dorothy Wilcox won first prize in hygiene. Each is a junior.

Other graduates were Miss Vera S. Collins, Miss Marion G. Pitt, Miss Rebecca Teichman, Miss R. V. Wolff-Ginsburg, Miss Rosetta A. Cootner, Miss R. Cordelia Hathaway, Miss Frances A. Humphrey, Miss Ellen A. Morse, Miss Helen B. Roney.

Medical Schools to Merge.

U. of P. Jefferson and Medical-Chicago in Union.

PHILADELPHIA, June 1.—The merger of three big medical schools, the University of Pennsylvania, Jefferson and Medical-Chicago, is assured. Combined they will make the largest medical school in the United States, with an unsurpassed staff of instructors and unexcelled facilities for study.

Committees from the three schools met yesterday and reached an agreement on the methods of consolidation. Special meetings of the trustees were held today and it is said that the committee actions were ratified.

Although the three schools will be combined under one head, none will lose its identity.

A factor in the combination is the report of the directors of the Carnegie Foundation last year, that of the too many medical schools in Philadelphia and that they did not feel justified in endowing them as they had Harvard and Johns Hopkins and that they should form one large school.

WARNS MITCHEL ON
THE SINKING FUNDS

Senator Brown Declares Social
Excesses Should Not
Be Tempered With.

ALBANY, June 1.—To forestall a renewal of the request next year for a veto of the contributions to the State sinking funds for the purpose of paying off the principal and interest of the State's bonded indebtedness, now aggregating about \$200,000,000, State Senator Elton R. Brown, chairman of the committee which investigated financial conditions in New York City, wrote Mayor Mitchell today opposing any interference with the social excesses in the several sinking funds.

These excesses had been made the basis for requests by city officials for their use in lieu of appropriations each year, but the Mayor had refused to sign the bill as passed. The committee report today opposing any interference with the social excesses in the several sinking funds.

Future.

MRS. COWLES PRESIDENT

"New York is too big for a convention. Chicago is too big for a convention. Even San Francisco is too big for a convention. The General Federation of Women's Clubs has met in all three, and I prophesy that we'll never again choose any one of the ten largest cities."

Our experiences at the thirteenth biennial have rubbed the lesson in till we're sore—literally sore at everything. We're going home tired, bewildered, frazzled, sick with mental indigestion, completely knocked out by the multiplicity of things we've been asked to hear and do and see."

The speaker was Mrs. Albert Retan, who came up from Hot Springs to bring Arkansas's invitation to the federation to meet in that town two years hence. Her remarks about big cities for conventions might have been considered a bit prejudiced were it not for the fact that nearly every one of the 10,000 women who came to this biennial is going home, as Mrs. Retan said, mighty sore.

Some blame it on New York manners, alleging that the city is too big for a convention. Even San Francisco is too big for a convention. The General Federation of Women's Clubs has met in all three, and I prophesy that we'll never again choose any one of the ten largest cities."

Our experiences at the thirteenth biennial have rubbed the lesson in till we're sore—literally sore at everything. We're going home tired, bewildered, frazzled, sick with mental indigestion, completely knocked out by the multiplicity of things we've been asked to hear and do and see."

The speaker was Mrs. Albert Retan, who came up from Hot Springs to bring Arkansas's invitation to the federation to meet in that town two years hence. Her remarks about big cities for conventions might have been considered a bit prejudiced were it not for the fact that nearly every one of the 10,000 women who came to this biennial is going home, as Mrs. Retan said, mighty sore.

Some blame it on New York manners, alleging that the city is too big for a convention. Even San Francisco is too big for a convention. The General Federation of Women's Clubs has met in all three, and I prophesy that we'll never again choose any one of the ten largest cities."
